Ida-Ore Breastfeeding Spring Conference with MollyPessl March 3,2005

Molly has spent most of her career with a focus on family-centered maternity care. She worked at Evergreen Hospital Medical Center from 1985 -2003, following 5 years as a health educator, clinician and lactation consultant for a hospital based nursemidwifery service. During her years at Evergreen Hospital, Molly developed comprehensive parent and professional education programs, the regional breastfeeding center, a postpartum follow-up clinic and Baby-Parent Groups. These programs led to the first US designation of "Baby Friendly" by UNICEF and the World Health Organization. Molly is currently the director of Evergreen Perinatal Education, a consulting and education program for professionals. Molly served on the International Board of Lactation Consultant Examiners and is a past president of that board. She is a registered nurse, childbirth educator and Internationally Board Certified Lactation Consultant.
